ATTACHMENT 1: SIGNED STATEMENT OF INDEMNIFICATION

Signed Statement of Indemnification

Under Section 5.8.5 of its application for a license to authorize near-surface land disposal of low-level radioactive waste, and in accordance with the statutory and regulatory provisions applicable to a federal facility waste disposal facility, Waste Control Specialists LLC (WCS) hereby states that it will indemnify the State of Texas, and its officers and agents, for any liability imposed on the state under state or federal law for damages, removal, or remedial action with respect to the land utilized for disposal of federal facility waste, the federal facility waste disposal facility, or the federal facility waste accepted, stored, or disposed of. WCS acknowledges that the transfer of federal facility waste, land, and buildings to the federal government does not relieve WCS of liability for any act or omission before or following the transfer. WCS acknowledges that this indemnification shall not relieve WCS of providing financial assurance for decommissioning, institutional control, and after decommissioning, corrective action. For the purpose of this statement the words 'federal facility waste disposal facility', 'federal facility waste' and 'decommission' shall have the meaning given to these words in Section 30 T.A.C. §336.2 of the Texas Administrative Code.
